India

**Industry Vertical**  
Engineering Projects

**Project Type**  
SAP Business One ERP

**Technology**  
ASP.NET | .NET Framework 4.0 | MS SQL Server 2008 R 2

**Tools**  
Microsoft Visual Studio

## Pain Areas

Engineering Projects is web base application with following Pain Areas.

- Unavailability of real time data
- Lack of a proper software system
- No coordination amongst various functional departments

## Why SAP B1

- To establish systemize operations
- Better material management
- Better control over processes
- Tools to assist in decision making
- Very cost effective & user friendly solution

## Key Challenges

- Appropriate Training
- Lower budget
- Lack of Manpower
- Project wise operations with project durations of more than 6 months
- Implementation to be finished in shorter period

## Highlights

- Implementation with full functionality of all core modules in record 2 months time

## Proposed Solution

- SAP Business One ERP Software
- Implementation Partner
- Silver Touch Technologies Ltd.

## Benefits

- An Integrated solution
- More structured data helps in strategic & operational decisions
- Proper & timely reports
- Enhanced control over business operations
