

SAP B1 for Horticulture Companies Setting Higher Goals With SAP...

Client : India Based Client

Vertical : Horticulture Projects

1.Pain Areas

- No proper data management
- Lack of interaction between departments
- Complex production process
- Time consuming process for report generation

2.Proposed Solution

- SAP Business One ERP Software

Implementation Partner

- Silver Touch Technologies Ltd.

3.Why SAP B1

- To have a full fledged integrated system.
- Tools to assist in decision making
- To have better control over their process

4.Implementation Highlights

- Implementation in Horticulturist environment
- Real time inventory management without having a real store

5.Key Challenges

- Legacy process well established
- Hesitation in adoption of newer systems
- Lower budget

6.Benefits

- An Integrated solution
- More structured data helps in strategic & operational decisions
- Proper & timely reports
- Enhanced control over business operations
