OPTIMIZING PERFORMANCE:

The Impact of Silver Touch's SAP Business One Solution on Kelvin Plastic Pvt Ltd

Introduction:

Kelvin Plastic Pvt Ltd is a leading plastic manufacturing company that specializes in the production of high-quality plastic products for various industries. The company was established in 2005 and has since grown to become a major player in the industry.

Challenges:

Before partnering with Silver Touch, Kelvin Plastic faced several challenges in their business operations. The main challenge was inefficiencies in their production process, which led to increased costs and decreased productivity. Additionally, the company struggled with managing and tracking inventory, which impacted their ability to meet customer demand.

Motivation to change:

Kelvin Plastic's biggest motivation to change was to improve their competitiveness in the market and increase their profitability. The company recognized the need to streamline their operations and find ways to increase efficiency in order to remain relevant in the industry.

Solution:

Silver Touch offered Kelvin Plastic a comprehensive solution to improve their operations, which included implementing a new enterprise resource planning (ERP) system which is SAP Business One. The SAP Business One system was designed to automate and streamline key business processes, including production, inventory management, and financial reporting.

Benefits:

The implementation of the SAP Business One system has helped Kelvin Plastic in several ways. The system has improved the company's visibility into their operations, allowing them to make more informed decisions. It has also streamlined the production process, resulting in increased efficiency and lower costs. In addition, the inventory management system has improved the accuracy of inventory tracking and reduced the risk of stock shortages.

Main reason to recommend:

The main reason to recommend Silver Touch's solution is the significant improvements it has brought to Kelvin Plastic's operations. The SAP Business one system has been instrumental in increasing efficiency, improving the accuracy of key business processes, scale up business growth and increase revenue with lower TCO (Total Cost Ownership). Additionally, Silver Touch's team of experts provided excellent support throughout the implementation process, ensuring a smooth and seamless transition to the new system.
